SKU	809455
Title	Brākeblaster™ Cleaner Aerosol
Description	Spray to dissolve or remove carbon and ash remnants from areas soiled by motor oils and unwanted residues. Safe with rubber and plastics. Cleans parts such as brake discs and other mechanical parts without leaving any film. Fast dry and low odor. Non-chlorinated, meets or exceeds all Canadian environmental requirements. SGS Certified Société Générale de Surveillance. Whenever possible use protective gloves, eye protection and if in confined spaces, use approved breathing apparatus. Ensure you are not eating, drinking, or smoking while applying brak-blaster cleaner. Has been certified to meet or exceed all EPA and CEPA safety and environment requirements. Works like the old brake cleaners. No acetone, Ammonia, Hexane, or Formaldehyde. Inverted nozzed can be sprayed up side down.
MSRP	$ 16.99 / . ea. cdn
Unit Weight	450g. / 1 lb.
Size	17oz. (500ml) Aerosol Spray
Case Quantity	12 cans per case
Case Size	240mm H x 264mm L x 198mm W
Case Weight	6kg. / 13 lb.
Pallet Quantity	120 Case - 6 rows -20 per row
Pallet Weight	715 kg./1600 lb

No Silicone... will not wash out

Soaks into Metal ... like a frikkin SPONGE

SKU	809454
Title	Ultra-Lube erosol Spray
Description	KatzAzz **ULTRA-LUBE** is formulated with ProMax (Anti-Friction Formula). Advanced technology to lubricate, penetrate, and prevent corrosion, free sticky mechanisms, displace moisture, stop squeaks. Reduce friction and wear on all metal surfaces. Cleans and protects metal surfaces, tools or any metal equipment exposed to water or weather. It provides easy-to-apply protection and lubrication for hundreds of industrial, commercial, automotive and recreational uses. Does NOT contain silicone. Only lube spray you need in the shop. Soaks into metal like a frikkin sponge!
MSRP	$ 16.99 cdn ea.
Unit Weight	570g. / 1.25 lb.
Size	17oz.Ultra-lube Aerosol Spray
Case Quantity	12 cans per case
Case Size	240mm H x 264mm L x 198mm W

ProMAX Extreme Lubricant

KATZ AZZ PRODUCTS

FOR DIESEL and GAS ENGINES

Not Just Another Snake Oil Additive!

Extreme Friction Reducing Additive

SKU	202180
Title	ProMAX Performance Oil Additive
Description	ProMax performance additive made with a highly-concentrated blend of lubricating oils and several prorietory ingredients that can be safely used in all types of gas & diesel engines. Eliminates cold start issues especially with HEUI injected Power Strokes. Use to extend engine life, protect from excessive wear, reduces oil consumption, prevents oil breakdown, lowers oil temperatures, raise oil pressure and increase MPG. Blends with all types of conventional and synthetic motor oils. Does not contain Teflon, Graphite, or solid particulates. Doubles oil life - Prevents engine wear - Reduces heat - Safe for wet cluches - Increases Performance - reduces upper engine noise and wear - Reduces emissions - Prevents 'dry' starts. For Diesel and Gas engines
MSRP	$ 49.00 / 1L. cdn
Unit Weight	1.5 kg. / 2.6 lb.
Size	1L. / 34 oz.
Case Quantity	12 bottles per case
Case Size	217mm H x 366mm L x 232mm W
Case Weight	14.5 kg. / 32 lb.
Pallet Quantity	60 Case / 5 rows -12 per row
Pallet Weight	1115 kg./2450 lb

DFL 5 IN 1

DIESEL FUEL LUBRICANT

KATZ AZZ PRODUCTS

Competing Products

Diesel People Play Harder!

TOTAL FUEL PROTECTION ALL YEAR LONG.

SKU	350362
Title	DFL Diesel Fuel Lubricant - 1L / 34oz
Description	Diesel fuel conditioner. Contains CETANE BOOST. -(2-Ethylhexyl nitrate). Add DFL to diesel fuel at the 1:500 ratio. Cetane number may increase up to 8 points (depending on fuel manufacturer). In most cases notice immediate results. Contains extreme lubricant ProMax anti-friction additive as the component that restores and exceeds diesel fuel lubrication standards to pre ULSD. Prevents fuel gel in extreme cold temperatures. Improves starting, reduces fuel consumption, reduces emissions, increases power, shortens ignition delay, increases lubricity, can prevent stiction, protects from cold temperature fuel and fuel filter gel. Bottle has visible mix ratio directions.
MSRP	$ 17.99 cdn ea.
Unit Weight	1kg. / 2 lb.
Size	1L. / 34 oz
Case Quantity	12 bottles per case
Case Size	266mm H x 357mm L x 286mm W
Case Weight	12kg. / 26 lb.
Pallet Quantity	72 Case - 6 rows -12 per row
Pallet Weight	875 kg./1900 lb

SKU	350379
Title	DFL Diesel Fuel Lubricant - 4L / 132oz
Description	Diesel fuel conditioner. Contains CETANE BOOST. -(2-Ethylhexyl nitrate). Add DFL to diesel fuel at the 1:500 ratio. Cetane number may increase up to 8 points (depending on fuel manufacturer). In most cases notice immediate results. Contains extreme lubricant ProMax anti-friction additive as the component that restores and exceeds diesel fuel lubrication standards to pre ULSD. Prevents fuel gel in extreme cold temperatures. Improves starting, reduces fuel consumption, reduces emissions, increases power, shortens ignition delay, increases lubricity, can prevent stiction, protects from cold temperature fuel and fuel filter gel. Jug has visible mix ratio directions.
MSRP	$ 72.00 cdn ea.
Unit Weight	4.6kg. / 10 lb.
Size	4L. / 132 oz
Case Quantity	4 jugs per case
Case Size	287mm H x 440mm L x 220mm W
Case Weight	18kg. / 40 lb.
Pallet Quantity	50 Case - 5 rows -10 per row
Pallet Weight	1088 kg./2400 lb
Product Image	

SKU	350363
Title	DFL Tank Shot / Pak of 3
Description	Same DFL as in the 1L and 4L but in a convenient and handy package. Includes extension spouts to facilitate easy pouring into all diesel tanks. No measuring, one can per tank fill. Notice immediate results in Duramax, Powerstroke, and Cummins light duty engines. Contains extreme lubricant ProMax anti-friction additive as the component that restores and exceeds diesel fuel lubrication standards to pre ULSD. Prevents fuel gel in extreme cold temperatures. Improves starting, reduces fuel consumption, reduces emissions, increases power, shortens ignition delay, increases lubricity, can prevent stiction, protects from cold temperature fuel and fuel filter gel. No more half bottles of nasty smelling additives rolling around in your truck.
MSRP	$ 34.00 cdn / case of 3 Shots
Unit Weight	1.5 kg. / 3 lb. / Pak
Size	3 x 330ml cans per Pak
Case Quantity	6 Paks per case
Case Size	248mm H x 391mm L x 247mm W
Case Weight	8 kg. / 18 lb.
Pallet Quantity	90 Case - 6 rows -15 per row
Pallet Weight	750 kg./1670 lb

LUBRATEX

NLGI 2 EP Lithium Full Synthetic

GREASE

LUBRATEX FULL SYNTHETIC

THE WHEEL WAS A GREAT

INVENTION.

WE JUST MADE IT

TURN EASIER.

SKU 809280

Title LUBRATEX Full Synthetic NLGI #2

Description

Lubratex NLGI #2 full synthetic grease is characterized by superior mechanical stability and extreme high load carrying capability. It has excellent resistance to water, oxidation and corrosion, and outperforms other high temperature greases such as lithium complex, aluminum complex, and many other polyurea greases.

Lubratex grease is exceptionally long-lasting and has extraordinary clinging power so that less grease is needed per application and protection continues even after the grease is no longer visible. Lubratex Synthetic maintains it's consistency and effectiveness in both extremely high and very low temperatures, providing reliable lubrication across a wide range of conditions.

Lubratex is more resistant to breakdown and degradation from heat and oxidation compared to conventional greases, contributing to a longer service life.
